DOWC EDI Claims Release 3.1, Version 1.3 Requirements are Now Available!

Date: September 1, 2026

To: All EDI R3.1 Vendors and Trading Partners

The CO DOWC EDI Claims Release 3.1, Version 1.3 Requirements (Rev. Date: 09/01/2026) are now available on the EDI Requirements Page of the DOWC EDI Claims website: <https://codowcedi.info/requirements>.

The update includes three key production implementation dates for changes: October 13, 2026, January 5, 2027, and March 9, 2027.

The Event, Element Requirement, and Edit Matrix tables Change Log lists these three production implementation dates in the DOWC PROD Implementation Date column on each table:

- October 13, 2026: Critical Colorado DOWC reporting requirement changes.
- January 5, 2027: Additional important changes.
- March 9, 2027: IAIABC IRR updates for CLM959 requirement-code MC/EC apply edit if condition not met and CLM960 Secondary Address data elements processing rules.
